Extension: Form N-2

OMB Control No. 3235-0026, SEC File No. 270-21

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) the Securities and Exchange Commission (the “Commission”) is soliciting comments on the collections of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

The title for the collection of information is “Form N-2 (17 CFR 239.14 and 274.11a-1) under the Securities Act of 1933 and under the Investment Company Act of 1940, Registration Statement of Closed-End Management Investment Companies.” Form N-2 is the form used by closed-end management investment companies (“closed-end funds”) to register as investment companies under the Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.) (“Investment Company Act”) and to register their securities under the Securities Act of 1933 (15 U.S.C. 77a et seq.) (“Securities Act”). The primary purpose of the registration process is to provide disclosure of financial and other information to current and potential investors for the purpose of evaluating an investment in a security. Form N-2 also permits closed-end funds to provide investors with a

prospectus containing information required in a registration statement prior to the sale or at the time of confirmation of delivery of securities. The form also may be used by the Commission in its regulatory review, inspection, and policy-making roles.

The Commission estimates that there are 136 initial registration statements and 30 post-effective amendments to initial registration statements filed on Form N-2 annually and that the average number of portfolios referenced in each initial filing and post-effective amendment is 1. The Commission further estimates that the hour burden for preparing and filing an initial registration statement on Form N-2 is 515 hours per portfolio, and the hour burden for preparing and filing a post-effective amendment on Form N-2 is 107 hours per portfolio. The estimated annual hour burden for preparing and filing initial registration statements is 70,040 hours (136 initial registration statements x 1 portfolio x 515 hours per portfolio). The estimated annual hour burden for preparing and filing post-effective amendments is 3,210 hours (30 post-effective amendments x 1 portfolio x 107 hours per portfolio). The estimated total annual hour burden for Form N-2, therefore, is estimated to be 73,250 hours (70,040 hours + 3,210 hours).

The information collection requirements imposed by Form N-2 are mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the

information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
